

## Macramé earrings

v15877

Make these leaf-shaped macramé earrings on a gold French ear wires.

### *Comment faire*

**1** Open the ear wire with pliers.

**2** Cut an approx. 18 cm piece of macramé cord. Feed the cord through the loop and close the ear wire.

**3** Cut eight macramé cords, each measuring approx. 12 cm for the leaf.

**4** Place a doubled-over cord underneath the macramé cord attached to the ear wire.

**5** Now place a doubled-over cord on top of the macramé cord as shown in the photo. Pull the ends to interlock the loops.

**6** Repeat this procedure four times, using two macramé cords each time; i.e. a total of eight cords. Tighten.

**7** Unravel the cords with a needle.

**8** Print or draw a template.

**9** Trim the leaf using the template.
