

## Father Christmas from a painted wooden stick

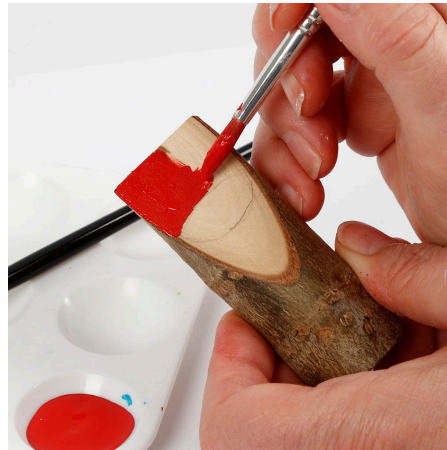

v15992

Make your own wooden Father Christmas from sticks or branches. This is a easy and cosy family project for young and old. Mark the face, hat and beard on the wooden stick or branch and paint with craft paint.

### *Comment faire*

**1** Draw a pencil line where you want the face to be on the angled cut of the wooden stick.

**2** Paint the hat in your chosen colour.

**3** Draw a pencil line to illustrate that the top of the hat is folded down along the front.

**4** Paint a red dot for the nose and a white dot for the tassel on Father Christmas' hat.

**5** Use a black Plus Color marker for the eyes and along the pencil line marking the front of the hat.
