

Play crafting bingo with the entire family

v16127

Play with the entire family by getting the bingo board full and then making your own figure. Print a crafting bingo board for each of the participants and pick a caller. Make sure to have toilet rolls and other cardboard tubes ready for the game, creating fun and creative figures with colourful craft materials.

Comment faire

1 Print the bingo boards which are available as a separate PDF file for this idea. Cut out the bingo boards and the pieces. Make sure that all participants get their own bingo board.

2 Play bingo by having the caller draw a random piece and announce what the piece shows. Participants with the actual item on their bingo board may now pick from the pile of creative materials. An example: If the piece shows "googly eyes", the participants with googly eyes on their bingo board may take the shown number from the pile needed for their figure.

3 Once a participant has managed to get materials from all four areas on his/her bingo board, the he/she can make the figure shown. Alternatively, the figure may be made during the game. Use a pair of scissors for cutting out and Sticky Base for gluing.

4 Be creative and unleash your imagination. Play with the colours and the material on the bingo board and create amusing figures.
