

Des moules à gâteaux fabriqués à partir de boîtes

v16182

Confectionnez des moules à gâteaux à partir de boîtes. Peignez les boîtes en papier mâché avec de la peinture acrylique et inscrivez un texte sur les boîtes avec des lettres autocollantes.

Comment faire

1 Paint the boxes with craft paint. You may paint horizontal stripes or a different pattern.

2 Cut your chosen rub-on letters away from the sheets one by one.

3 Remove the protective paper from the back of the letter. Place it on top of the box lid or the side of the box, depending where you want the text.

4 Rub the letters onto the box using the supplied wooden stick. Make sure to rub thoroughly for the letter to attach completely.

5 Carefully remove the protective top foil layer from the front of the letter. Follow the procedure described in the steps above until all the letters are attached.

6 The finished boxes in different colours and patterns.
