

Glass Decoration

v1217

Decorated with 3D Glass Gel. Patterns are made with the end of a brush handle. The effects are made with 3D Snow Effect which comes in a practical tube.

Comment faire

1 Attach masking tape onto the areas which you do not wish to decorate.

2 Dab paint onto the glass.

3 Scratch a pattern in the paint.

4 You may dab with a different colour.

5 Carefully remove the masking tape.

6 Make contour and other decorative details with 3D Snow Effect.
