

## Punched out Daisies with a bead and a clothes peg

v12152

The punched out daisies are glued on top of each other staggered using special double-sided adhesive tape. A wax bead and an alligator clip are attached with silver thread.

### *Comment faire*

**1.** Glue the three different size daisies staggered on top of each other using special double-sided adhesive tape. (The practical Clear Marker is a great alternative adhesive).

**2.** Next, use revolving hole punch pliers to cut a hole in the middle of the flower.

**3.** Cut a piece of silver thread measuring approx. 20cm and thread a wax bead onto the thread. Now pull the thread through the hole of the daisy.

**4.** Thread the thread through the hole of the alligator clip and twist it around the clip to secure it. (You may attach the clip with a small blob of glue).

**5.** Lift the petals a little to make the flower a bit plumper.

**6.** -
