

Bead Shell Bracelet

v1740

Elegant and different bracelet with our new beads of shells. Simple and exclusive look, where the beads complement and bring each other out.

Comment faire

1 Put the beads in the wanted order. In this way you can move around with the beads, until you are happy with the order and expression. Put the beads on a piece of elastic cord and finish with a knot. Glue the knot with instant glue and hide the knot inside the bead.
