

Christmas Decorations you can make yourself

v10541

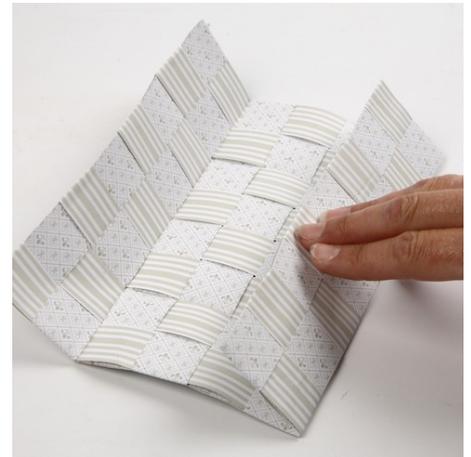

Comment faire

1 Weave a base using 8 x 8 paper strips. For a basket measuring 11 x 11 cm use the wide paper strips.

2 Glue as shown in the photo and cut off excess strips.

3 Fold along the two outer layers of all four lengths.

4 Punch holes with a Fiskars eyelet setter in all four corners as shown in the photo.

5 Set eyelets.

6 The basket gets its shape by gathering all the corners with organza ribbon.
