

## Spooky Lanterns and Candle Holders

v10954

These candle holders are dabbed with glass paint, dried and cured in an oven at 160 degrees for 30 min. Eyes and legs are attached with Glue Spots. Details are drawn with a porcelain marker.

### *Comment faire*

**1** Dab the cleaned glass with glass paint and let it dry. Cure it in an oven at 160 degrees for 30 minutes.

**2** Attach the pipe cleaner and eyes with Glue Dots. Draw a mouth with a glass & porcelain marker.
