

Beautiful decorative Capiz Jewellery

v10647

Capiz shells and rocaille beads are put onto a ball head pin as well as a tassel in matching colours. These are assembled in a round jump ring and then pulled onto a leather cord or a French Ear Wire.

Comment faire

1 The really beautiful Capiz Shells with holes are unique, colourful; and with inspired designs they are ideal for fashionable jewellery. The tassel is made from mercerized cotton yarn which is wrapped around two fingers and assembled with a few rounds of yarn approx. 1cm from the top.
