

Valentines Card

v11285

A lovely Valentines card for a loved one made in Vivi Gade Designs paper. Different sized hearts punched out with the different sizes of paper punches and then attached onto the card with 3D foam pads.

Comment faire

1 Punch out six small, one medium and one large heart. Cut out a square and tear it all the way along the edge. It must then measure approx. 5x11cm. Attach silver thread on the back of two of the small hearts and also lengthwise on the torn paper.

2 Attach the square paper and the two hearts' silver thread onto the card with E-Z Runner. Attach the rest with 3D foam pads.

3 Finish with a row of rhinestones along the edge of the card.
