

For the birds in a cold weather.

v11244

Flower pots painted with Plus Color and decorated with white Crackle Lacquer which crackles after drying. Finally, the flower pots are coated with Paverpol glue which is ideal for outdoor use.

Comment faire

1 Paint the flower pots with Plus Color. Then add a thick layer of Crackle Lacquer with a broad brush. After about 2 hours of drying, the lacquer will begin to crackle. The entire process takes about 24 hours. They must be dry before coating with the Paverpol glue.

2 Make the wooden beads in the same way.

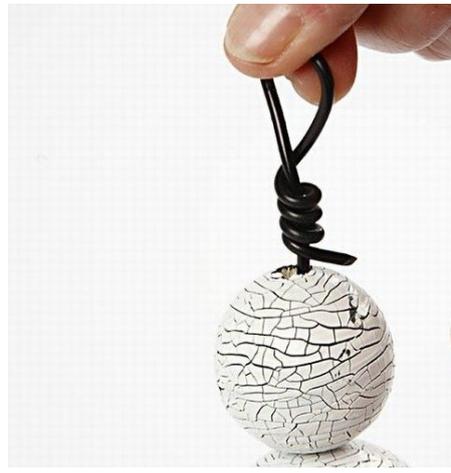

3 Make a hanger from bonsai wire.

4 Attach the beads.

5 Twist a loop for the hanger.

6 Cut a piece of cotton cord measuring approx. 4m. Fold it over and twist tightly. Fold and tie the ends.

7 Attach the hanger in the eye of the pot.

8 Paint the small pots in the same way.

9 Make dots with the end of the brush.

10 Coat with Paverpol glue when dry.

11 Make a hanging from bonsai wire.
