

## Parade costume bird children

v11215

Colorful cardboard crown with beautiful feathers for the bird costume.

### *Comment faire*

**1** Paint the cardboard crown with A-Color Glass, mix the colours randomly.

**2** Glue feathers onto the back with a glue gun. Attach the supplied velcro strap and customize the crown.

**Skirt and collars in felt, down and feathers.** The delicate skirts and collars are easy to make. Cut the felt feathers to the desired size in bright colours. Measure wide elastic cords to the desired length, depending on whether it is for a collar or a skirt. Staple felt feathers, down, real feathers and pieces of feather boa onto the elastic cord using a stapler. If you wish you could attach a feather boa border onto the neck collar.
