

Flower hair band

v11209

Comment faire

1 Paint the hair band with A-color Glass and let it dry. The paint is semi waterproof on plastic.

2 Now wrap the bonsai wire around a round object, thus forming a spiral and then wrap around the hair band. Secure with a blob of glue using a glue gun and finish off with a foam rubber circle.

3 Cut or punch flowers in foam rubber and glue them onto the bonsai wire with a foam rubber circle using a glue gun.
