

Masks Venice

v11203

These beautiful masks are inspired by the traditional masks of Venice. The papier-mâché masks are painted and decorated with Plus Color and Art metal gold. If a weathered expression is desired, Plus Color can be applied with a flat foam brush a little at a time. The decoration here is metal brads and feathers glued on with a glue gun. Braided trim is glued on with special double-sided adhesive tape and music notes craft paper is glued on with glue varnish.
