

Natural stone set

v11195

A necklace and bracelet made of natural stone in bright colours. The pendant is made with rocaïlle beads closed in a small ring on a beading wire. Closed with a lovely clasp.

Comment faire

1. Put one single stone chip bead and rocaïlle beads onto a beading wire and close with crimp beads as shown.

2. Cut a piece of beading wire in a desired length and put on beads and pendant.

3. Close in one side by attaching a crimp bead onto the beading wire as well as two rocaïlle beads and another crimp bead. Pull the wire through the loop on the clasp and then back through crimp beads and beads, tighten and squeeze the crimp beads flat.

4. Close in the same way in the opposite side with the bar. Remember to tighten the wire so you cannot see it. The bracelet is made in the same way.
