

Jewellery pendant with Pardo jewellery clay

v11136

Trendy neck cord with pendant which you can easily make with Pardo jewellery clay which is soft and easy to work with. Must be hardened in a conventional oven.

Comment faire

1. Warm the clay ball by rolling it in your hands. Put it on a piece of paper and press it flat with e.g. an acrylic plate – a Pardo Swirly.

2. Punch out the star with a small shape cutter.

3. Pinch off an eye pin and stick it into the star.

4. Harden the clay in the oven at 160 degrees for 30 minutes.

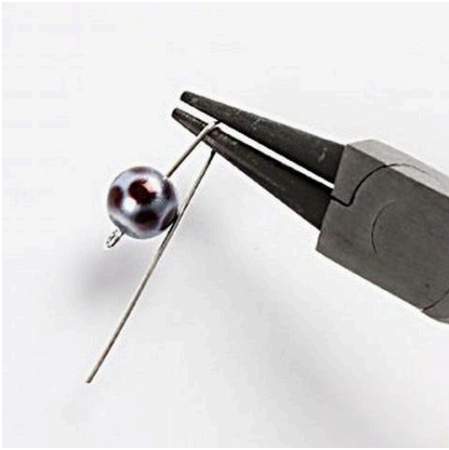

5. When the clay is cold, varnish it with a protective varnish.

6. Attach 3 round jump rings to the star. Wait to close the last one.

7. Put a bead onto an eye pin. Bend the eye pin as shown with round nose pliers.

8. Rotate the end of the pin around itself. Hold firmly with the pliers and twist tightly.

9. Make three bead pendants. Attach these to the round jump ring before closing it.

10. Tie a macramé cord in the desired length to the top ring. Tie a knot in the other end. Melt the ends with a lighter so they do not fray.
