

Leather bracelet with glass charm beads

v11134

Trendy leather bracelets are varied with glass charm beads. They are very easy to make.

Comment faire

1. Cut 70cm from a 2mm leather cord. Double over the cord and tie a knot.

2. Put different beads onto the double cord. Remember the charm in the middle.

3. Finish off with a knot and glue on the two small end caps.

4. Put a crystal hearts onto a ball head pin. Pinch it off and twist it to form an eye. Before the eye is closed completely, attach it to the eye of the charm.
