

Grey pixies made in self hardening clay

v11110

Funny grey pixies made in self hardening clay. The pattern in the beard is made with a modelling tool.

Comment faire

1 For the body roll a large ball of black clay and a small ball of white clay. Press the white ball into the black.

2 Press a small lump of white clay flat and press it onto the body.

3 Make a pointy hat of black clay and scratch the inside with a modelling tool.

4 Press the hat down onto the body.
