

## Community singing in a heavy sea

v11506

A series of cards decorated with fish. Fiskars wave border punch is used for making waves.

### *Comment faire*

**1** Start by cutting all the parts out. The text can be typed on the computer before cutting.

**2** First glue on the turquoise background, then the dark blue and then the white text square and finally the waves. A row of waves may be attached with 3D foam pads to create an effect.

**3** Decorate with fish and white bubbles from a hole punch or a hand punch. Finish with water drops made with a transparent Gloss Gel.
