

## Boxes and Trivets with pressed Flowers

v11465

A lovely summer memory. The boxes and the trivet are painted with Plus Color Craft Paint in pastel colours. Pressed flowers and leaves are glued on using A-Color Medium Glue Lacquer.

### *Comment faire*

**1** Paint the lid of the box or the trivet with Plus Color Craft Paint in a pastel colour.

**2** Apply a generous layer of A-Color Medium Glue Lacquer to the area on where you will apply the flowers. Lay the flowers on the glue lacquer. Spread glue lacquer on top to coat the flowers. Let it dry.

**3** The trivet's glass plate is then glued onto the flowers. Use a glue gun or just glue. Assemble the box lid and glue with a glue gun.
