

Tea light lamps

v11411

The lamp shade for the tea light lamp is decorated with lace borders attached with double sided adhesive tape and beads sewn on. Decorated with a dragonfly.

Comment faire

1 Measure the bottom perimeter of the lamp shade and cut a piece of lace border in that length. Sew rows of beads onto the lace border. Attach the lace border with beads onto the bottom of the lamp shade and attach a lace border without beads around the top. Use Power Tape. Decorate with a large metal dragonfly.
