

Organiser made from felt

v11342

A trendy organiser for hanging on the wall, sewn in Harmony felt with acrylic yarn.

Comment faire

2 Fold the two sides and sew. This is where you can decide on the shape of the cylinder and how much V-shape you want it to have.

3 Draw and cut the base.

4 Sew in the base. Here we have used button stitch.

5 Cut a hole for hanging in the top of the organiser and sew in a ring for reinforcement.
