

## Decorative cushion with sea shells

v11320

Hear the ocean through this cushion printed with seashells and text.

### *Comment faire*

**1** Use a refill plastic bottle with a tip. Fill it with textile paint and write your text. It is important that the tip touches the textile when writing or else it smudges. Let it dry thoroughly.

**2** Dab white paint onto the foam stamp and press on top of the text. Let it dry. Finally draw around the seashells with the plastic bottle. Fix the textile with heat from the iron on top of grease proof paper for approx. 5 min.
