

Christmas Candle Holders

v11745

Varnished with matt decoupage lacquer and dots made with Plus Color. Decorated with Deco Tape, Santa Claus figures and numbers made from felt.

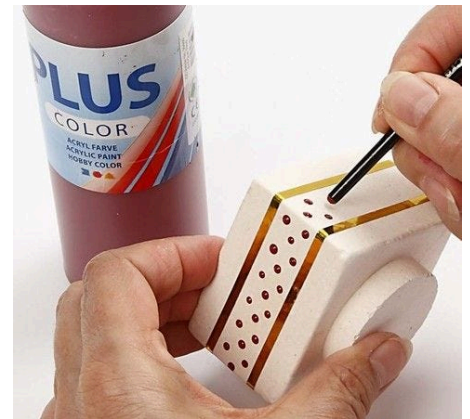

Comment faire

1. Brush the candle holders with matt decoupage lacquer to seal the porous surface, making it dirt resistant.

2. Attach gold deco tape all the way around.

3. With the end of a brush handle, make dots using Plus Color antique red along the middle area of the candle holder.

4. Glue on the figures and the felt numbers.
