

Angels made from Gold Lame Fabric

v11739

An angel body sewn in gold lame fabric and put into an organza bag with satin decorations and a metal heart. There is a wooden bead for the head, natural twine for hair and a pipe cleaner for halo.

Comment faire

1. Cut the bodies from gold lame fabric using the template, sew together and turn inside out.

2. Fill the body with plastic pellets at the bottom.

3. Stuff with polyester stuffing. Sew or glue together at the top.

4. Push the legs of the metal heart through the satin decoration and organza bag. Put the gold body inside the organza bag and tie the ribbon in a bow in front.

5. Draw eyes using a permanent marker. Cut natural twine as shown and glue on as shown. Fray using a needle.

6. Form a halo from a pipe cleaner and glue it on.

7. Draw along the edges of the wings using a 3D gold liner and add decorative spots. Let dry.

8. Glue on the head and the wings.
