

Boxes decorated with Handmade Paper

v11733

With glued on handmade paper and painted with Plus Color silver paint. Decorated with ribbon and mother-of-pearl beads.

Comment faire

1. Cut the paper to reach all the way around the box, adding approx. 1cm at both sides. Glue onto the box using VTR adhesive.

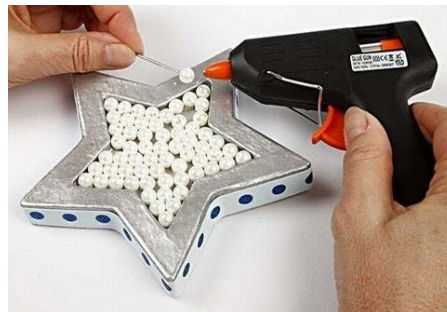

2. Cut notches at the top and bottom. Fold and glue around and down. You may cut and glue a piece of handmade paper for the base.

3. Paint the lid with Plus Color silver paint.

4. Attach decorative ribbon or paper strips along the edge of the lid using double-sided adhesive tape.

5. Fill the hole in the lid with beads. Gather them one by one with a needle and glue in place. The hole of the bead must be horizontal so it cannot be seen.
