4. Fasten the pocket temporarily to prevent it from sliding when sewing. Remove the threads afterwards.

5. Sew on the side parts. Start with the edge at the top.

6. The side parts are now sewn on.

7. Remove the temporary stitches from the pocket.

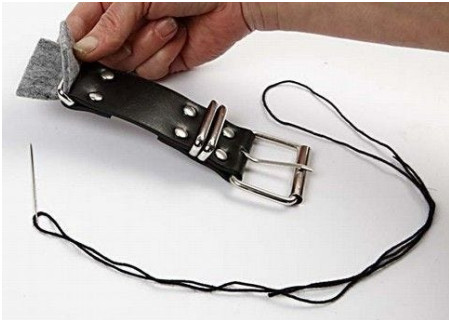

8. Sew on the pocket in the base. Only sew through the top layer of the felt so the sewing is not visible from the front.

9. Fold over the end and sew the other side. Start from the top.

10. Pictures 10-19: Sew on the black belt pieces with metal buckles to make the strap.
