

A T-Shirt with Spray Paint

v11671

Color Blocker is a product which blocks colour. Use a brush or dab on with a stencil template or – as here shown – squeeze directly from the bottle. Wash off after 72 hours and the white writing appears.

Comment faire

1. Draw/squeeze out a design onto the t-shirt and let it dry for approx. one hour.

2. Cover (remember to put plastic inside the t-shirt) and spray with Neon Spray Color.

3. Wash out the Color Blocker at 30° after 72 hours.
