

T-Shirts and Bandanas with Stamp Printing

v11592

Cool t-shirts and bandanas decorated with Textil Solid Fabric Paint in cheerful colours for dark textiles. The print is made with foam stamps - a large selection is available. Put a sheet of plastic inside the t-shirt and the bandana whilst stamping. Dab the colour onto the foam stamp using a foam stencil brush. This gives an even and clean print. After drying, fix with an iron.

Comment faire

1 Put the sheet of plastic inside the t-shirt. Use masking tape to mask off an area for printing on the t-shirt.

2 Use a foam stencil brush for dabbing the Textil Solid Fabric Paint onto the foam stamp.

3 Now you can stamp onto the fabric.
