

Scented Pixie Hearts

v12020

These cute Pixie children have a papier-mâché heart as their body and are decorated with scented Christmas tea on top of glue lacquer. Poster Hobby Marker pens are used for adding colour and lines. A wooden bead makes the head and a cone for a hat.

Comment faire

1 Insert an approx. 20cm piece of floral wire through the heart's loop for hanging.

2 Apply A-color Allround medium glue lacquer to the papier-mâché heart and sprinkle over scented tea. Let it dry.

3 Draw a face on the wooden bead and colour in the cone with Poster Hobby Marker pens.

4 Insert the doubled over piece of floral wire through the wooden bead and attach some natural flax twine between the two wires for hair.

5 Finish with a loop for hanging. You may make the loop using a pen as shown in the photo.
