

A Double Cotton Bracelet with Beads

v11977

Ceramic beads and fashion links are pulled onto a prefabricated double cotton bracelet. A silver fish is put onto ball head pin and attached onto a ring.

Comment faire

1. Undo the knot and attach a metal ring instead of the fabric ring.

2. Pull trendy ceramic beads and fashion links onto the bracelet. "Twist" the cotton bracelet through the bead and pull it through.

3. Put the fish onto a ball head pin and twist to form a loop.

4. Assemble the pendant with the ring using an oval ring.

5. Put this pendant and several more rings onto the bracelet.

6. Gather the two fabric ends with a knot.
