

A Leather Bracelet with a Magnetic Clasp

v11914

The lovely magnetic clasp is glued onto four pieces of 2mm leather cord using Super Attak Instant Glue.

Comment faire

2 Glue the ends of the leather cord inside the clasp using Super Attak Instant Glue.

1 Cut four pieces of 2mm leather cord at a suitable length for the wrist (approx. 14cm). Measure your wrist and remember to deduct the length of the clasp.
