

Decoration on Glass

v11857

Glass Plates painted with Ceramic Paint. Decorated with round and organic porcelain mosaic tiles and Imitation Metal Leaf.

Comment faire

1 Paint both sides of the glass plates with Ceramic Paint. Paint on some non-permanent adhesive sporadically. Let it dry to the touch. Put on the Imitation Metal Leaf and brush it on. Brush away the excess. Brush the mosaic tiles with non-permanent adhesive and imitation metal leaf. Glue onto the glass plate with Clear Marker. Paint with Ceramic Paint if you wish.
