

T-Shirts with Fabric Print

v12306

A simple technique with a great effect. Apply some Textil Color fabric paint onto a sheet of hard plastic foil. Scratch a design into the wet paint using a rubber brush and then transfer the sheet with the paint design onto a t-shirt.

Comment faire

1 På sorte t-shirts anbefales dækhvid tekstilmaling. Artist Line gummipensel er god til at ridse motiver med.
