

Chinese Girls with Pom-poms

v12282

These canvas figures have been painted with Art Proff Artist Color paint mixed with water. They have been stuck onto self-adhesive foam rubber. A tulle pom-pom is made on the Pom-pom maker.

Comment faire

1. Paint the canvas figure with Art Proff Artist Color paint mixed with plenty of water. Let it dry.

2. Draw a design on the canvas figure using a black Power Liner.

3. Cut out an identical figure from foam rubber.

4. Cut three or four widths of tulle. (You may cut through the entire roll). Wrap the strips around the Pom-pom maker – see the instructions on the package.

5. Cut open the tulle and tie a piece of paper yarn around the middle.

6. Secure the piece of paper yarn between the canvas and the self-adhesive foam rubber figure for hanging.
