Angels for Hanging

v12215

Made from the jewellery kit including instructions.

Comment faire

1. Cut a piece of wire measuring 30cm. Thread eight beads onto the wire and make two loops with four beads on each.

2. Pull the loops so the beads are positioned four and four together.

3. Twist once leaving a piece of wire at the top and at the bottom. Thread a prism onto the lowest wire.

4. Feed the wire up along the prism and twist once around the other wire.

5. Thread the two beads for the head and the halo onto both wires.

6. Make a small loop for hanging by twisting the wire around a small stick.
