

Flat Glass Baubles with Fabric Decoupage

v12156

These lovely flat glass baubles have been decorated with small pieces of Vivi Gade Design Fabric, attached using A-color Allround medium glue lacquer.

Comment faire

1 Cut two identical pieces of cotton fabric to fit the glass decoration. Cut a notch (for hanging) – and cut out the heart.

2 Apply a generous layer of A-color Allround medium glue lacquer to the glass bauble.

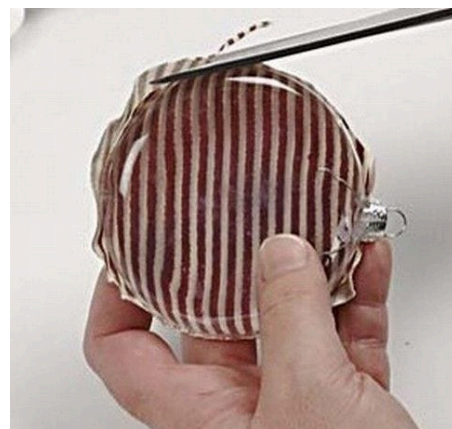

3 Glue one piece of fabric onto the bauble, right side against the glass.

4 Apply A-color Allround medium glue lacquer to the piece of fabric which has already been glued onto the bauble.

5 Attach the second piece of fabric on top of the other, right side facing out.

6 Cut off the excess fabric.

7 Apply some A-color Allround medium glue lacquer on the back of the heart.

8 Attach this onto the glass bauble.

9 Blonden limes på kanten til slut.

An Alternative Glass Bauble Apply A-color Allround medium glue lacquer to the glass bauble and attach the fabric cut-offs randomly on the front and back of the glass.
