

Hand Puppets

v12148

Colourful socks decorated with ears, nose and eyes made from Silk Clay which are sewn onto the puppet when dry. The hair is made from acrylic yarn which is also easily sewn on.

Comment faire

1 Wrap the acrylic yarn to make a loose ball and secure it with a needle.

2 Sew the yarn onto the sock.

3 Make the eyes from Silk Clay. Glue them onto the sock using a glue gun. Put paper inside the sock to avoid burning your fingers.
