

Art Proff Paint on Canvas

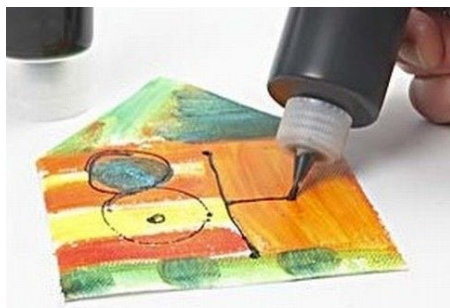

v12146

A die-cut canvas house painted with Art Proff paint. Lines are made with paint in a refill plastic bottle with a tip. Attached to foam rubber and placed in a wooden stand or with 3D pads on an art canvas.

Comment faire

1. Paint the die-cut canvas house with Art Proff acrylic paint and use a foam stencil brush for special effects.

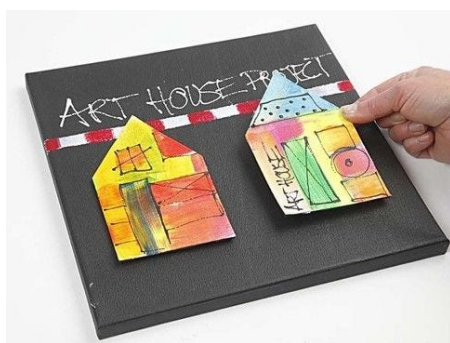

2 Make lines with a plastic refill bottle with at tip.

3 Cut the shape of the house from foam rubber and assemble the parts with double-sided adhesive tape.

4 Paint the art canvas black and decorate with the plastic refill bottle.

5a -

6 If you wish to place the house on a wooden stand, paint the stand black.
