Earrings

v12084

Earrings made from head pins twisted to make an earwire. Attach a wool bead and a gorgeous bead cap onto the earwire.

Comment faire

1. Twist the head pin with round nose pliers and around a pen or similar to make an earwire.

2. "Pre drill" the wool bead with a darning needle. Push the eye pin through. Put on the bead cap.

3. Use the round nose pliers to twist to make a double loop.

4. Attach the pendant to the earwire.
