

Decorating Pre-Printed Canvases

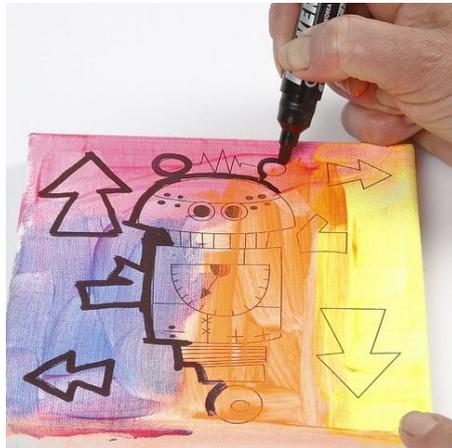

v12456

These pre-printed canvases are painted with A-Color neon paint and the background is filled in with matt black A-Color paint. You may choose to highlight some of the pre-printed lines with a black Power Liner.

Comment faire

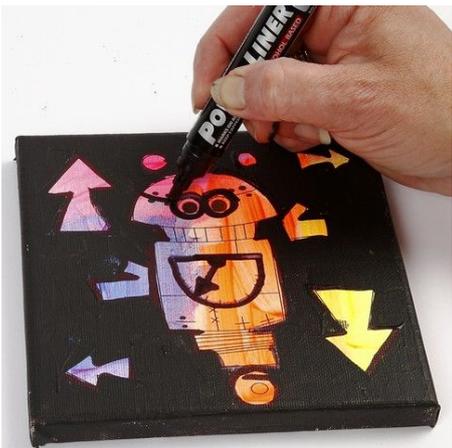

1. Paint the entire canvas with A-Color neon paint.

2. Outline the pre-printed designs with a black Power Liner.

3. Paint the rest of the canvas with black Plus Color Craft Paint.

4. Highlight details with a black Power Liner.
