

Tealight Candle Holders from Gauze Bandage

v12451

These little tealight candle holders are made from gauze bandage placed over a plastic cup. They have been painted with diluted A-Color matt paint on the outside and Art Metal paint on the inside.

Comment faire

1. Soak pieces of gauze bandage in water and place them over a plastic cup and let them dry.

2. Paint the outside of the tealight candle holder with diluted A-Color matt paint.

3. Paint the inside of the tealight candle holder with Art Metal gold paint.
