

Angels from Gauze Bandage

v12450

Gauze bandage is placed across a plastic cup. A polystyrene ball is the head. The head and the body are painted with diluted matt A-Color paint and Art Metal Gold paint. The halo is made from a metallic pipe cleaner and the wings from metallic card.

Comment faire

1. Soak pieces of gauze bandage in water and place over a plastic cup and let it dry.

2. Paint a polystyrene ball skin colour and glue it onto the body with a glue gun.

3. Paint the body with diluted matt A-Color paint.

4. Make effects with Art Metal Gold paint.

5. Cut wings from metallic card and glue them on with a glue gun.

6. Shape a halo from a metallic pipe cleaner and insert it into the back of the head.

7. Glue on pieces of natural twine for hear and draw a face with a marker.
