

A Greeting Card with 3D Hearts and Flowers

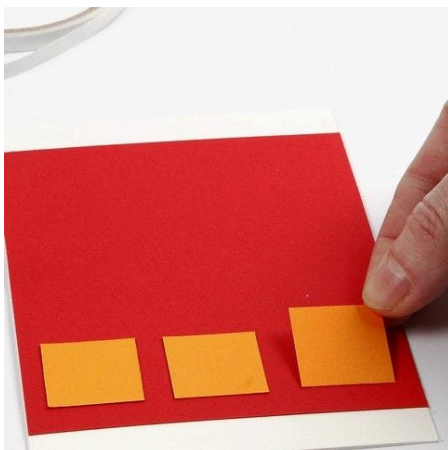

v12389

Coloured card attached to a greeting card. Decorated with 3D stickers. Write or print the text and attach it to the greeting card. Make place cards following the same procedure.

Comment faire

1. Cut a piece of red card slightly smaller than the greeting card and attach it to the greeting card with double-sided adhesive tape.

2. Cut six pieces of orange card measuring 2.5 x 2.5cm. Attach these to the greeting card with double-sided adhesive tape.

3. Attach self-adhesive hearts and flowers using 3D foam pads between the two layers of flowers onto the orange squares.

4. Bend the sides of the hearts and flowers upwards.

5. Attach a piece 9 x 3cm piece of orange card onto the greeting card with double-sided adhesive tape. Write a text on a piece of white card with a gold marker pen.

6. Attach the piece of white card onto the piece of orange card with 3D foam pads.
