

## A Bracelet from Snakeskin Cord

v12799

A design cord bracelet from imitated leather with a snakeskin pattern. It is fastened with a magnetic clasp. The pendants are attached onto solid silver rings.

### *Comment faire*

**1.** The fish has a hole all the way through from head to tail. Insert a headpin through the hole. Bend the pin slightly.

**2.** Cut off the excess pin leaving approx. 1cm to form a loop.

**3.** Insert a round jump ring in the loop.

**4.** Insert a solid silver ring in the round jump ring.

**5.** Insert a small round jump ring in the fish with a loop ...

**6.** ... and a solid silver ring in the round jump ring.

**7.** If you have narrow pliers, you may attach the solid silver ring and the pendant with the small round jump ring in one step.

**8.** Pull the pendants onto the design cord.

**9.** Cut the design cord to a desired length.

**10.** Glue magnetic clasps onto the cord ends.
