A Vivi Gade Design Vintage Greeting Card

v12794

Cut pieces of Vivi Gade Design paper and attach them to a double blank greeting card using double-sided adhesive tape and 3D foam pads. Then decorate the greeting card with decorative ribbons and brads.
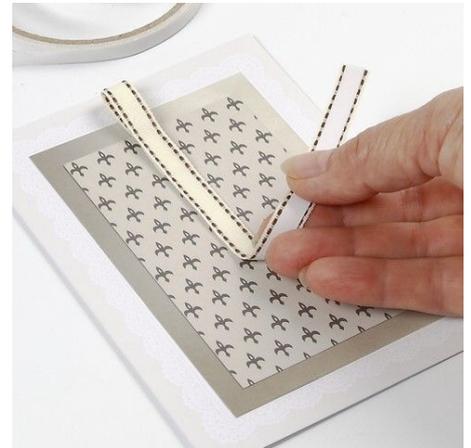

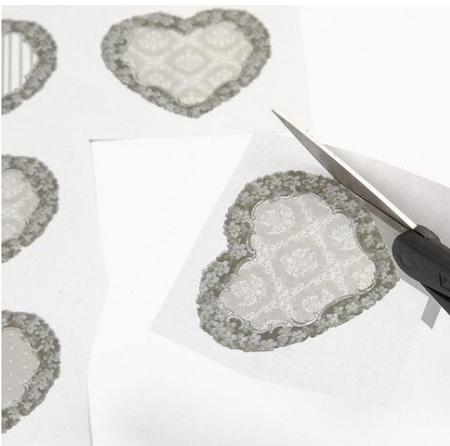

Comment faire

1. Cut a piece of paper from the design paper. Use the plain side of the design paper.

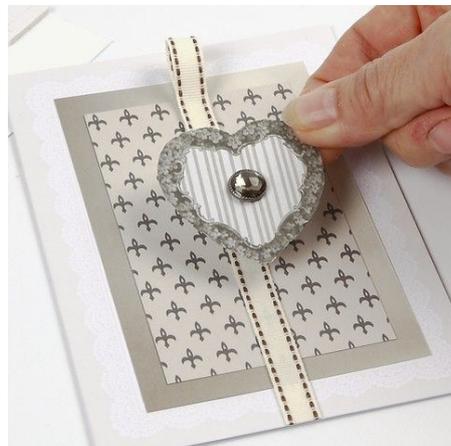

2. Cut a slightly smaller piece of patterned design paper and attach both pieces of paper onto the greeting card using double-sided adhesive tape.

3. Form a loop at the top of a piece of decorative ribbon. Glue the rest of the piece of ribbon onto the card with double-sided adhesive tape.

4. Cut out a heart from Vivi Gade design paper (the Skagen series).

5. Push a brad through the heart and attach the heart onto the greeting card with 3D foam pads.

6. Attach a row of self-adhesive rhinestone half-pearls onto the bottom of the card.
