

A Leather Cord with a Tube Bead

v12675

A tube bead and a pendant are assembled with an oval jump ring. A piece of 4mm leather cord is threaded through the tube bead. End caps are glued onto the cord ends and a lobster claw clasp is attached with an oval jump ring.

Comment faire

1. Assemble the tube bead and the pendant with an oval jump ring.

2. Thread a piece of 4mm leather cord through the tube bead.

3. Attach oval jump rings and a lobster claw clasp onto the end caps.

4. Glue the end caps onto the leather cord ends.
