

## Fabric Print on Shopping Bags

v12606

Apply some white Textil Color fabric paint onto a sheet of hard plastic foil. A pattern or design is scratched in the wet paint with an Artist Line rubber brush and a print is made on the shopping bag. Cut the handles in the middle if you wish to use the bag as a cushion cover.

### *Comment faire*

**1.** Lay the shopping bag flat onto a hard surface. Place a piece of plastic inside the bag.

**2.** Apply a generous layer of Textil Color paint onto the hard plastic foil with a brush.

**3.** Scratch a pattern or design into the wet paint using an Artist Line rubber brush.

**4.** Now transfer the sheet of hard plastic foil with the paint design onto the fabric. Rub thoroughly and pull off the plastic foil. Let the transferred design dry and fix with an iron.

**5** Cut the straps for handles in the middle and tie them with the cushion inside.
