

Natural Jewellery

v12590

A lava bead, a ceramic bead and a ceramic mask are tied with a piece of leather cord and organza ribbon.

Comment faire

1. Tie an approx. 150cm long piece of leather cord and an approx. 120cm long piece of organza ribbon onto a large lava ring.

2. Tie the cord and the ribbon together with a knot between each bead.

3. Finish the organza ribbon at the neck by tying a knot onto the cord in each side. Tie the cord ends together in a knot.

4. Make a pendant by tying beads onto cords attaching them to the lava ring. Tie a small piece of ribbon onto the lava ring.

5. To make the bracelet thread beads onto a piece of doubled over leather cord with a loop at one end and a knot at the other end. You may choose to thread the beads onto a piece of elastic beading cord.
